

Asbestos Notification

The Diocese of San Diego is required under Asbestos Hazard Emergency Response Act (AHERA), Rule 40 CFR, Part 763, Subpart E, October 1987, to inspect its school buildings schools buildings housing grades K – 12 and develop a management plan for the school. The AHERA three year re-inspection of Good Shepherd School was done on 4/23/08 with the following results: No ACM or suspect ACBM (Asbestos contained building material), conditions remain unchanged.

In accordance with Federal asbestos regulations, our school maintains a file with the results of asbestos surveys in various building materials at our school. This file is available for review with prior appointment.
